

A fresh start begins with PaySmart,
your custom choice for short-term housing.

Making relocation a smooth and effortless transition.

We take care of everything so you can have peace of mind.

Setup: Short-term stays with us are simple, all you need to do is unpack. PaySmart will activate your utilities, services and rental deliveries so you can save time and enjoy your new home. Whatever you need, we'll take care of it.

Bill management: We've kept our business mutually beneficial since 1998, which means less hassle: we'll pay all the bills, you'll receive one bundled invoice. Simplicity is our priority for our community of residents, corporations and property managers.

Customer care: Got a question? We're ready to listen. Call our 24-hour hotline any time.

Move out: Turn in the keys and we'll turn off the lights. When it's time for a new assignment, we'll disconnect your services and coordinate pickup for rental items so you can start fresh elsewhere. For property managers, you can relax while we prepare your place for a new tenant.

Customize your services and build your unique package exactly the way you want it. We'll make sure it's ready when you arrive.
